Instructions for Use

Rake into the top 5-10 cm (1-2 inches) of the growing medium just prior to seeding, sodding, or sprigging. Use 8.1-11 kg (18 to 25 lbs.) per 100 m² (1,000 sq. ft.). Up to 23 kg. (50 lbs.) per 93 m² (1,000 sq. ft.) can safely be applied to the top 10-15 cm (4-6 inches) as desired.

To accelerate establishment when building and rebuilding cool and warm season turf whether seeded, sodded or sprigged.

Formulated for high sand content rootzones, such as USGA sand/peat mixes, California type, and Prescription Athletic Turf (PAT) Systems.

GroWin is a granular rootzone amendment used to accelerate establishment of seeded, sodded or sprigged turf. It contains a variety of organic meals agglomerated into easily-spread homogenous granules.

Applying 18 lbs (8.6 kg) of GroWin per 1000 sq ft (92.9m²) will deliver 0.9 lbs. (0.43 kg) of N.

Spreader Settings

Spreader	25 lbs. (11.3 kg)	50 lbs (22.7 kg).
Lesco	2 Passes at H	3 Passes at S
Scotts R8	2 Passes at O	2 Passes at Z
Spyker	2 Passes at 8	3 Passes at 8.4

Storage and Handling

Store in a dry location. Keep bag closed when not in use.

Precautionary Statements for Disposal.

Dispose in accordance with all Federal, State and local regulations.

Apply only to actively growing turf. Do not exceed 3.2 lbs. of total nitrogen per 1,000 sq. ft. annually.

In Maryland, New Jersey, New York and Virginia: This fertilizer contains phosphorus and may not be used for lawn maintenance on turf in the states of Maryland, New Jersey, New York or Virginia except when

- 1) Providing nutrients to specific soils and target vegetation as determined to be necessary in accordance with a soil test that was conducted by a laboratory* performed no more than 3 years before the application
- 2) Establishing vegetation for the first time, such as after land disturbance, provided the application is conducted in accordance with the recommended application rates established by the State
- 3) Re-establishing or repairing a turf area.

*In Maryland, the soil testing laboratory must be identified under Section 8-803.7 of the Agriculture Article, Annotated Code of Maryland.

In New Hampshire: This fertilizer contains phosphate. In New Hampshire, phosphate fertilizers may only be used for turf maintenance in golf courses, parks, athletic fields, and sod farms.

WARNING

Hazard Statements:

Causes mild skin irritation.

Precautionary Statements for handling:

If skin irritation occurs: Get medical advice/ attention.

Keep out of reach of children

Precautionary Statements for disposal - Dispose in accordance with all federal, state and local regulations.

Fertilizer may cause irritation of eyes, nose, throat, and skin. In case of contact with skin or eyes, flush with plenty of water; for eyes get medical attention.

Use in accordance with recommendations of a qualified individual or institution, such as, but not limited to a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your turf, and sweep any product that lands on impervious surfaces back into your turf.

WARRANTY

NOTE To the extent consistent with applicable law, Buyer assumes all responsibility for safety and performance if this product is not used according to the directions.
