

Healthy Start® Tablets

ROOTS® Healthy Start® Tablets are used to fertilize trees and shrubs for up to two years without reapplication. The tablets contain fertilizers in both slow-release and soluble forms from a combination of both chemical and organic sources. These are blended with humates and select beneficial rhizosphere bacteria that can improve fertility in the root zone.

DIRECTIONS FOR USE:

Measure the root ball diameter. For each foot of diameter use about 2 tablets. Space the tablets equally around the perimeter of the root ball, to a depth of about 2 inches.

See inside box for more complete instructions based on other parameters.

Contains no sewage sludge or manure ingredients.

Hazard Statements:
